Design and code
in one place

JOVAN JURIĆ

DESIGNER AND DEVELOPER

- kontakt@jovanjuric.rs
- jovanjuric.rs
- Novi Sad, Serbia

PROFILE

I handle the whole path from the first sketch to a working site: talking with the client, structure, design and code. When the same person designs and builds, nothing gets lost in translation.

I build websites for small businesses and brands wherever they are, and I also design mobile apps, from the brief and user flow to the design system.

SKILLS

DESIGN

- UI/UX design
- UX research
